

AKASA®

**Presented By: Nina Barcelon, Yatza Lo,
Paul Quimbo, & Shahin Yaghinloo**

Date: June 30, 2026
Version 1.1

History

- Founded in 2018 by Malinka Walayadde, Andy Atwal, Varun Ganapathi and Ben Beadle Ryby.
- Company is based in South San Francisco, California
- Software Products are developed in California, New York, Colorado and Washington.
- AKASA is Privately owned

Early Adopters

- Cleveland Clinic - Large hospital systems (early GenAI adopters)
- Digitally mature healthcare providers

Partners & Investors

- Cleveland Clinic
- Bond Capital
- Patient Square Capital
- BOND Capital
- Andreesen Horowitz (a16z)
- Costanoa Ventures

Key Metrics

- 233 Employees
- 205 Million total Funding
- 3.1 million Annual Revenue

Problem

- Complex, manual healthcare billing processes
- High administrative costs
- High administrative workload
- Staff burnout
- Frequent billing errors and claim denials

Solution

- AI-powered automation of revenue cycle workflows
- GenAI trained on clinical financial data
- End-to-end process optimization

Products/Services

- Prebill Optimization suite
- Coding Optimizer
- CDI Optimizer
- Auth Status
- Claims Status
- AI Advisor

Technologies

- Python (ML)
- Amazon Web Services (AWS)
- PostgreSQL

Interoperability

- FHIR
- HL7

Compatible EHRs

- Epic
- Cerner
- MEDITECH

Existing Alternatives

- Manual processes + legacy RCM (revenue cycle management) systems
- Traditional outsourcing firms
- Competitors like R1 RCM, Xifin

Industry Recognition

- CB Insights: Executive Strength and Positioning (ESP) "Highflier" among 15 companies

Unique Value Proposition

- "AI-powered automation that eliminates healthcare revenue cycle inefficiencies and improves financial outcomes."
- Healthcare-specific GenAI models
- Trained on clinical + hospital data
- Custom models per client

High Level Concept

- Automation for hospital billing & revenue cycle

Future Prospects

- Further Development towards GenAI
- 3-Phase Approach: review, train and use

Customer Segments

- Healthcare Systems
- Revenue Cycle Management
- Prior Authorization
- Claims Processing

Channels

- HIT Consultant
- PR Newswire by CISION
- Cleveland Clinic Newsroom
- Forbes
- Akasa Press

Unfair Advantage

- Proprietary AI trained on healthcare data
- Custom LLM per health system
- Deep domain expertise (RCM + AI combined)
- Strong VC backing (a16z, Bond, Costanoa)
- Experienced Founders

Cost Structure

- R&D (AI/ML development)
- Cloud infrastructure
- Sales & enterprise onboarding
- Compliance (HIPAA, security)

Revenue Streams

- SaaS subscriptions
- Licensing fees per module/use
- Enterprise contracts
- Professional Services
